## NEW FORESTRY MINISTER STARTS BY MEETING INDUSTRY'S LEADERS

VANCOUVER (CP) — Forestry Minister Jack Nicholson today began making himself at home in his new portfolio as he met with lumber-industry leaders.

On his arrival at Vancouver Airport from Ottawa Wednesday, Mr. Nicholson said he would be talking to the president and directors of the Forest Industries Council, probably about United States objections to Canadian lumber exports.

He said opposition to Canadian lumber entering eastern U.S. ports still comes from some congressmen, despite a ruling from the U.S. tariff commission favorable to Canada.

"The industry here has got to take every step against possible American action and it will get the support of the Canadian government," he said.

## India And Pakistan Agree On Sixth Round Kashmir Talks

KARACHI, Pakistan (Reuters) — India and Pakistan today agreed to carry negotiations on their Kashmir dispute into a sixth round to open in New Delhi May 15.

The chief negotiators of the two countries announced the decision at the end of the fifth round here, but ruled out any early "summit" meeting between Pakistani President Ayub Khan and Indian Prime Minister Nehru because differences between the two sides remained "very wide."

Wednesday night Pakistani reporters were told at an official briefing that the Pakistani team had "specifically made it

## Quebec Plans To Renounce 'Commonwealth Imperialism'

TORONTO (CP) — Dr. Marcel Chaput, Quebec's leading separatist, said here Wednesday Quebec will renounce Commonwealth "imperialism" and secede from Canada by 1967.

"Confederation just didn't work for us," he said in an interview. "We want to be masters of our own decisions in our own territory."

The president of the recently-founded separatist Republican party condemned the separatist Quebec Liberation Front which has terrorized Montreal with acts of violence and last Saturday was blamed for planting a bomb that killed a French-Canadian janitor.

"The FLQ," said Dr. Chaput, "doesn't further the cause of

## Air Transport Group Seeks New Department Of Aviation

WINNIPEG (CP) — The Air Transportation Association of Canada has asked the federal government to set up a department of civil aviation.

Association president Ron Cameron of Vancouver outlined the proposal in a press conference and speech here Wednesday.

His association represents 160 aviation operators and 17,000 employees.

Mr. Cameron said his group had sent a telegram to Prime Minister Pearson asking for the federal aviation authority, but had received no reply yet.

The association, he said, wants the transport department split into two portfolios, one of which would take care of civil aviation.

Mr. Cameron said the transport department has become too large and too diversified to deal effectively with the problems of commercial aviation.

The ATAC has been talking about a federal civil aviation ministry for several years but has never before made a direct approach to Ottawa.

**FINDS SYMPATHY**

"But we know there's a general feeling of sympathy for it in both major political parties," he said.

Mr. Cameron, who is also executive assistant to president Grant McConachie of Canadian Pacific Airlines, said a separate aviation ministry would be in a "better position" to develop a detailed Canadian air policy applying to all sections of the industry.

"What we need is a more specific plan for development of the various carriers in this country," said Mr. Cameron. "The government's policy has not been very clear in recent years."

## NAMES IN NEWS

### Haiti Purge By President

President Francois Duvalier fired 60 high-ranking officers from key command posts all over Haiti Wednesday. The step climaxed a series of moves against the regular army whose officers Duvalier has viewed with increasing suspicion as a threat to his rule.

Premier Cheddi Jagan of British Guiana has cancelled a Friday speaking engagement at the Winnipeg Press Club. A club official said Wednesday a telegram from Mr. Jagan said his wife, the former Janet Rosenberg of Chicago, will speak in his place.

Admiral Harry Fell, United States commander in chief in the Pacific, said today in Bangkok American troops could land in Thailand in a matter of hours.

Frans Cardinal Koenig, archbishop of Vienna, is expected to visit Poland early next month at the invitation of Stefan Cardinal Wysinski, well-informed sources said today.

Attorney General Cass of Ontario, tabled a report to the Legislature Wednesday clearing Lieutenant-Governor Designate W. Earl Rowe of any impropriety in reviving three dormant "charters" to establish Windsor Raceway.

NEW "STAR" IN KELOWNA MIDWAY

Maiden appearance by "Roll-O-Plane" in Kelowna, will be made tonight in the opening performance of the season by West Coast shows, tabbed as "Western Canada's Biggest Motorized Midway." Appearance is sponsored by Kelowna Lions Club. Show will run Friday and Saturday with a special afternoon matinee for children. In addition, the show features eight other rides, five side-shows and various concession booths with games of chance and skill. Following Saturday night's performance, the midway will bundle up and move to the Kootenays, before swinging east to points in Alberta, Manitoba and Saskatchewan. (Courier Photo)

## Ex-Wife Sues Canadian For Half \$30M Fortune

NEW YORK (CP) — Cana-she alleges she is entitled to her rightful share of the 72-year-old Cardy's estimated \$30,000,000 fortune when the couple were divorced in 1950.

In court Wednesday, defence lawyer Lester Kissel wound up presentation of the defence's affirmative case — evidence and testimony in support of two technical defence arguments which, if upheld, would block Mrs. Cardy's suit.

Harry H. Lipsig, counsel for Mrs. Cardy, then began presenting evidence to oppose the defence moves.

Mrs. Cardy alleges that fraud was employed to get her to sign documents in which she released Cardy's property in the divorce settlement.

## Two Top UK Officials Clear In Security Scandal Charges

LONDON (Reuters) — A powerful security tribunal today cleared top government officials of allegations arising from a big security scandal last fall.

The scandal was touched off by the arrest of William Vassall, an admiralty clerk, who was sentenced to 18 years imprisonment for selling secrets to the Russians.

The tribunal, headed by eminent jurist Lord Radcliffe, rejected as completely baseless suggestions of an improper relationship between Vassall and Thomas Galbraith, a former parliamentary undersecretary in the admiralty.

The tribunal in a 50,000 word report also said there was no truth in charges that Navy Minister Lord Carrington and his service chiefs knew a spy was in the admiralty 18 months before Vassall was arrested.

Vassall, who earned £15 (about \$45) a week as an admiralty clerk, lived well beyond his means with the help of money paid him by the Russians.

**RESIGNS HIS POST**

Galbraith resigned his subsequent government post as joint parliamentary undersecretary of state for Scotland after letters—mainly on routine matters—he had sent to Vassall were made public. However, he still holds his seat in Parliament.

Carrington said as first lord of the admiralty he would feel

VASSALL

It is his duty to resign if the inquiry into the Vassall case showed culpable negligence in his department's security system.

Prime Minister Macmillan set up the tribunal last fall at the time he accused opposition labor legislators of conducting a whispering campaign — not connected with Galbraith's efficiency but with his moral character.

He said the rumors alleged Galbraith was guilty of perverted and immoral association with Vassall.

## Area Seen As Likely 'Testing Ground' On Kremlin Adopting Tougher Policy

If Laos fell to the Communists, he said, this would put additional pressure on Thailand, Cambodia and South Viet Nam "which in itself would put additional pressure on Malaysia."

"That is one of the reasons why we are concerned with maintaining the Geneva accords as a method of maintaining stability in Southeast Asia," Kennedy said.

From other sources it was

## \$50m Pulp Mill For Prince George

QUEBEC (CP) — A \$50,000,000 pulp and paper operation at Prince George, B.C., is being planned jointly by Canadian Forest Products Limited of Vancouver and the International Reed Paper Group, it was announced today.

Construction of a paper mill is to start early in 1964 and initial production is expected by the end of 1965.

The mill is designed to produce 650 tons of pulp a day initially.

The Reed Paper Group, a subsidiary of Albert E. Reed Company of London, operates in Canada, Norway, Italy, Australia and New Zealand as well as the United Kingdom.

LONDON (Reuters) — One of Britain's giant paper companies, the Reed paper group, announced today it will switch some of its operations to Canada.

The group said it has become increasingly uneconomic to make certain grades of paper in Britain because of accelerated tariff cuts by the seven-nation European Free Trade Association, of which Britain is a member.

## Fire Kills Total Of 8

NEW YORK (AP) — Four small children were killed Wednesday night when a staircase collapsed beneath them as they tried to escape from a fire in their home.

The parents rescued their two other children from the three-alarm blaze in a south Bronx tenement house.

Firemen found the bodies of Freddie, 4; Roslin, 6; Hector, 7; and Norma, 10—all children of Cornelius Soto, 35.

## Fire Kills Total Of 8

BERTHER, Que. (CP) — Four members of one family were burned to death today in a fire that destroyed their home in this small village 30 miles east of Quebec City.

The dead were identified as the children of Mr. and Mrs. Alphonse Forques: Lorette, 22; Gertrude, 14; Marcel, 13; and Joanne, 7.

The parents and three other children were taken to hospital with burns.

# JFK Hands Out Warning on Laos

## Threat To All Southeast Asia "Unless Peace Preserved"

WASHINGTON (CP) — President Kennedy says the entire Southeast Asia region including Malaysia may be rocked by violence if peace is not preserved in Laos.

Making a last-ditch appeal to help keep the peace, Kennedy told a press conference Wednesday "if we fail in Laos, I would think the prospects for accord on matters which may be geographically closer to us would be substantially lessened."

Kennedy challenged critics of his Cuban policy to say whether they advocate going to war to topple Premier Fidel Castro. He said that the question being sidestepped by those who call for a more militant policy against Cuba's Communist regime.

And except for going to war, the president declared, "it would seem to me that we have pretty much done all of those things that can be done to demonstrate hostility to the Communist satellite in the Caribbean."

Kennedy addressed himself to two recent Republican critics—former vice-president Richard Nixon and Senator Kenneth Keating of New York—as the Cuban question vied with the tense situation in Laos for pre-

## WHILE THERE'S LIFE THERE'S HOPE

COLUMBIA, Ohio (AP) — Fannie E. Russell, 82, today became the wife of Charles A. Wilson, 102. Wilson, who had been married five times previously, and his bride, a widow, have been parents of 33 children in their previous marriages.

Mr. Wilson said after the ceremony: "No man should live alone."

## Pearson Aims At Trade Boost

OTTAWA (CP) — Prime Minister Pearson will be laying the groundwork for improvement in Canada's trade imbalances with Britain and the United States when he visits Prime Minister Macmillan May 2-3 and President Kennedy May 10-11.

Defence problems will be another important topic for discussion at the meetings whose dates Mr. Pearson announced Wednesday — third day of what the prime minister has called the 60 days of decision of his government.

His previously indicated views in favor of freer world trade and lower tariff barriers will be put forward in London and Hyannis Port, Mass., at an important juncture in world trading development.

Chief elements in the world trading picture are the preparations for a round of tariff bargaining among most of the countries of the free world and plans in the United States to make use of the tariff-reducing powers of President Kennedy's Trade Expansion Act — aimed chiefly at the Common Market.

## Area Seen As Likely 'Testing Ground' On Kremlin Adopting Tougher Policy

Kennedy said he has no plans for a summit meeting with Khrushchev and sees no possibility for such a meeting during the next few months unless a nuclear test ban treaty is reached. British and U.S. ambassadors conferred with Khrushchev on the issue in Moscow Wednesday but Kennedy said: "I am not sanguine."

The latest effort to bridge treaty differences "represents not a last effort but a very determined effort to see if we can prevent failure from coming upon us this spring."

Touching on his forthcoming June trip to Europe, Kennedy said he has no plans to confer with French President de Gaulle.

On the Laotian issue, Kennedy maintained that only time can tell whether Russia is in control of the ground supply channels in Communist territory there.

Russia previously had maintained a supply airlift in that area, but Kennedy no longer seemed to be sure whether the Russians or some other power, such as Communist China, may be in control.

## "Missing" Girl Phones Searcher

CORNWALL, Ont. (CP) — Rev. John Verkuylen, Dutch priest who travelled all the way from the Netherlands to search for his 17-year-old niece, missing from her home in nearby Lancaster for three months, said today he has received a telephone call from the girl.

Father Verkuylen said he received the call from Ineke Verkuylen Wednesday afternoon. The call was offered from Sault Ste. Marie, a mill town he has arranged to visit here and Sault Ste. Marie.

Father Verkuylen said the girl told him she was with Mike Grynseels, 24, a neighboring farm worker in the Lancaster area who disappeared the same day.

The girl disappeared Feb. 11 and was last seen two months ago in North Bay.

## STOP PRESS NEWS

### Frost Kills Colorado Fruit Crop

DENVER, Colo. (AP) — A late-season frost on the western slope of the Rocky Mountains has wiped out most of Colorado's fruit crop, causing a loss of more than \$6,000,000.

### British Guiana Strike Goes On

GEORGETOWN, British Guiana (CP) — A general strike called last Friday to protest against the government's labor relations bill continued today with no sign of an end.

### Man Held In Integrationist's Death

ATLANTA, Ala. (AP) — An arrest has been made in the rifle slaying of a white integrationist who was making a pilgrimage to Mississippi. Dekalb County Sheriff Harold Richards said the arrested man "is a suspect," but would not identify him.

### New Caribbean Federation Mooted

LONDON (Reuters) — Eight Caribbean island governments have been invited to a London conference in June to discuss a new federation of the east Caribbean British colonies. It was announced today.

### Mr. K. Hints Of Stepping Down

LONDON (Reuters) — Soviet Premier Khrushchev has told Russian workers that at the age of 60 he could not be expected to hold his present position "for all time," the Soviet news agency Tass reported today.

## TODAY'S STOCK QUOTATIONS

<b>TORONTO (CP)</b> — Trends were lacking in all sections of the stock market during light morning trading today.	
The exchange index showed industrials, golds and western oils all narrowly lower and base metals fractionally higher.	
Minus signs were scattered through all main list groups with Canadian Celanese down 1/2, Dominion Textile off 1/2, International Utilities 1/2 and Abitibi, Canadian Imperial Bank of Commerce and Industrial Acceptance all 1/2.	
Among stronger issues, Canadian Westinghouse advanced 1/2, Page-Hersey 1/2, Algoma Steel 1/2 and Great Lakes Paper 1/2. Crown Trust went ahead a point to a new 1963 top of 69 in extremely light volume.	
On index, industrials dropped .50 to 63.94, golds .26 to 87.47 and western oils .39 to 123.13. Base metals rose .55 to 212.64.

## Mother Tells Of Tot's Death

OTTAWA (CP) — Evidence was entered during the manslaughter trial of a young mother that squabbling children, a television set going "full blast" and a spell of nervousness triggered the head-on beating of her three-year-old son in their nearby Cyrville home last Nov. 21.

Ruled as admissible evidence in the Ontario Supreme Court trial was a statement taken by police from Mrs. Lette Goddard, 24, whom the crown alleges beat her three-year-old son Guy over the head with a plaster of Paris religious statue "I was downstairs with the baby," the woman's statement said. "The TV was on full blast I was nervous."

"Pierre (age 4) had the statue on his shoulder and Guy wanted it. That's what they were fighting about. When I saw them fighting over the statue I took it from Pierre and swung it at one of them with it. I did not know which one I hit."

The trial is expected to end Thursday.

## DEATHS

By THE CANADIAN PRESS  
Gresham, Sask. — Dr. Cal D. Bricker, 78, who won the track and field medals in the 1906 and 1912 Olympic Games.  
Regina — Dr. John W. Whitfield, 46, chief pathologist at the Regina Grey Nuns' Hospital and former director of pathology at the Royal Cancer Hospital in London, England.  
The Hague — Derek Aske, 38, well-known British rally driver, in a car crash.  
Moscow — Yevgeny Chkmenov, 58, head of Stalin's "shelter belt" program and vice-chairman of the state purchasing committee.  
New York — John Ecker, 55, an Associated Press teletype operator for the last 12 years.

## Three Wounded In Sarnia Melee

SARNIA, Ont. (CP) — Two women and a man were stabbed early today in a bizarre incident on a downtown street here.

The victims are all in Sarnia General Hospital—the man in critical condition—with wounds inflicted by a breadknife.

Police described the incident as a double stabbing and an attempted suicide.

Police said a woman, about 30, ran into a private home shortly after 7 a.m. bleeding from a knife wound in her right arm. She asked houseowner Thomas Bold to lock the door and call the police.

Almost at the same time, another woman ran into a home across the street with a knife wound in her head.

**STARTED INDUSTRY**  
A handful of cocoa beans introduced in 1879 to what now is Ghana started the world's greatest cocoa industry.

**PLANTED SHELTER BELT**  
MOSCOW (AP) — Yevgeny Chkmenov, 58, head of Stalin's "shelter belt" program, died April 21, the Soviet press reports. Vice-chairman of the state purchasing committee when he died, he formerly was head of a program to plant a shelter belt of trees in southern Russia similar to the belts planted in the Dust Bowl of the United States in the 1930s.

## U.S. Seeks Canada's Aid To Cut Tariff Structure

WASHINGTON (CP) — The United States plans to seek Canadian co-operation and support for a proposal to reduce virtually the entire transatlantic tariff structure in one stroke, a move far more extensive than first anticipated under President Kennedy's Trade Expansion Act.

Former State Secretary Christian Herter, Kennedy's chief tariff negotiator, may explore the idea when he confers with Canadian authorities at Ottawa Friday. He will likely meet with hesitancy and concern, for such extensive cuts could bare some Canadian industries to greater international

competition than these industries can handle.

However, Canadian concerns may be modified by a U.S. suggestion that reservations could be included in any bold plan to reduce the impact on border-line industries.

**HAS MORE POWER**  
Under traditional tariff bargaining, countries usually offer tariff reductions on one product in exchange for reductions on another. The Kennedy administration persuaded a Congress to arm the president with far greater power to reduce tariffs on whole categories of goods rather than individual items.

## New Brunswick Poll Results Give Tory Two-Vote Lead

SAINT JOHN, N.B. (CP) — A check Wednesday of unofficial New Brunswick election results for Saint John City showed a two-vote margin between a winning Progressive Conservative and a losing Liberal.

Returning officer J. B. Cronin and chief electoral officer E. M. Lyons of Fredericton made the check jointly on unofficial totals completed Tuesday which gave the Conservatives three of the four Saint John city seats.

Press and radio totals on election night Monday had indicated four Liberal wins in the traditionally Conservative constituency.

Latest totals reduce by seven the total votes received by R. M. Pendrigh who polled the lowest number of votes of the three winning PCs.

The latest figure for Mr. Pendrigh knocks to two votes from nine his edge over John D.

MacCallum, who polled the highest vote of the three defeated Liberals.

**LOSES 10 VOTES**  
At the same time, the check revealed a 10-vote loss in the total received by Liberal A. Y. Goss.

All figures are unofficial and are based on a tally of results. Actual ballots are still in their boxes which will not be opened until declaration day, Monday.

Latest totals revised from the check by the two officials Wednesday:

For the winners: Conservative Donald A. Patterson, 9,629; Liberal Daniel A. Riley, 9,621; Conservative George McInerney, 9,570; Conservative R. M. Pendrigh, 9,558.

For the losers: Liberal John D. MacCallum, 9,556; Liberal A. Y. Goss, 9,483; Conservative George L. Keith, 9,472; Liberal George T. Urquhart, 9,471.

## HE GAVE HER A MOUTHFUL

LONDON (AP) — Mrs. Peggy English won a divorce today after testifying that her husband Edward got so mad at her that he threw his false teeth at the ceiling. Mrs. English charged cruelty, claiming her husband also threw a coat hanger at her, beat her, neglected her and took other girls home from dances in his car.

(L-R) DR. LARSEN, MAYOR PARKINSON, DENNIS CROOKES AT INSTITUTE OPENING

# Disaster Planning Explained As Hospital Institute Opens

## Air Cadet Week Marked Sunday

A two-host luncheon is planned for Sunday, April 28, in the hall of the Kelowna Air Cadets, Aquatic lounge, to celebrate Air Week.

Several guests are expected to be present including James Ewart, provincial chairman, Air Cadet League; Mr. B. O. Mayne, Wing Commander, T. J. MacKinnon, DFC, CD Commanding Officer, RCAF station, Vancouver; Flight Lieut. Glen John, CD, Air Cadet Liaison Officer, 5 Air Division and Flight Lieut. Doug Metcalfe, CD, ACLO, station Vancouver.

Also in attendance will be Mayor H. F. Parkinson or his representative, Art Gordon, president, Branch 26, Royal Canadian Legion; high school principals from school districts 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

## Responsibility, Organization Said Part Of Community Job

"Disaster planning is not just a hospital responsibility—it is a community responsibility," Dr. A. C. Hardman, director of emergency health services for the Department of National Health and Welfare, told more than 50 administrators, doctors and nurses from B.C. hospitals today.

Dr. Hardman said a hospital must be able to handle a major disaster.

"We are going to concentrate on steps that should be taken by a hospital to prepare for a major disaster," he said.

Dr. Hardman, speaking at the opening of the Kelowna Hospital Disaster Institute this morning, said that a hospital must be able to handle a major disaster.

Dr. A. A. Larsen, director of B.C. Emergency Health Services, said the purpose of the institute was "to offer assistance to hospitals in preparing for unexpected disaster which in time will come to all of you."

Such services, he said, included emergency power supplies, medical supplies and other services disaster might interrupt.

Dr. Hardman named seven types of disaster a hospital plan must be capable of handling.

They included internal disaster, minor emergencies, minor community disasters, distant major disasters to which hospitals are expected to send help, nearby major disasters in which hospitals might be expected to increase capacity two to three times, and nuclear disaster.

"If you can meet all these disasters with your existing hospital disaster plan, you are prepared to serve well in a nuclear attack situation," he said.

To formulate a disaster plan, he said, a disaster planning committee must move methodically.

He said the first step in developing a disaster plan was to approach the hospital's board of directors and gain its permission.

In a disaster, some patients might have to be evacuated before fully recuperating.

"We are actions that may render the hospital liable for suit," he said. "This must be explained to the board of governors."

However, if the hospital does not have a disaster plan, and death results from hospital inefficiency, the hospital is equally liable.

The key member of a disaster planning committee should be the hospital administrator, Dr. Hardman said.

Other key members of such a committee, he said, should be the director of nursing and the chief of hospital medical staff.

He outlined the duties of each of the members of the hospital committee.

He emphasized the need for public information through channels of communications media, including press, radio and television.

"If you fail to do this, you tend to leave your hospital open to bad publicity and misinformation," he said.

"The communications media are invaluable in keeping the public informed accurately in time of major disaster."

Dr. Hardman said the committee should analyze community resources for use in time of emergency and should have a coordinated community-hospital disaster plan.

Such a co-ordinated plan should take into consideration possibilities of using volunteer aid from within the community in dealing with the injured.

The committee should familiarize itself with retired nurses, nurses working for doctors with private practices within the community and other medical and lay personnel who could be valuable in time of disaster, Dr. Hardman said.

The institute was opened this morning by Mayor R. F. Parkinson and Kelowna General Hospital board vice-chairman Dennis Crookes, Eric Martin, Minister of Health Services and Hospital Insurance was not in attendance as had been scheduled.

Speakers at the institute were Dr. W. S. Hanco, medical consultant for hospital services of the Department of National Health and Welfare.

Dr. Larsen, director of Provincial Emergency Health Services, said Mr. J. R. Davis of Vernon.

Mr. Bruce said he agreed with the letter in Monday's edition of The Courier, advocating the establishment of public washroom facilities in the area.

Author of the letter, R. E. Stevens of Westbank, said the administration office would make "an admirable public washroom."

REAL SERVICE  
"If we're going to use that building as a tourist information centre, we might just as well make it a real service to the travelling public by installing public washrooms," Mr. Bruce said.

The matter will be left until the chamber's request is dealt with by the premier.

Mr. Bruce said he agreed with the letter in Monday's edition of The Courier, advocating the establishment of public washroom facilities in the area.

Author of the letter, R. E. Stevens of Westbank, said the administration office would make "an admirable public washroom."

## Jobs Ready For Qualified

The need for qualified personnel in the Executive and Professional classifications is still great in Kelowna, according to Arthur Haig, Kelowna manager of the national employment office.

Recent lists of orders in clearance at the Kelowna office show 1,233 vacancies, 672 for men and 561 for women.

Vacancies for men include four accountants, one actuary, one adjuster, one social welfare administrator, two control analysts, one archaeologist, architects, eight case workers and case supervisor, 28 chemists in various industries, two city planners, ten draftsmen-architectural, mechanical and structural.

Engineers are in great demand with vacancies for 17 continuing education and graduation, five civil, one civil design, 12 electrical, six electronic and mechanical, five electronic and 21 mechanical.

WOMEN  
Vacancies for women are mainly for instructors, dietitians, librarians and medical technologists. About 160 vacancies exist for nurses, and there are 43 vacancies for therapists, including occupational, physical and speech therapists.

Teacher vacancies for grammar schools, high schools and elementary schools total 272, said Mr. Haig.

The numerous opportunities in the executive and professional field in Canada should point out to the students the advantages of continuing education and graduation in one of the many professions where there is an urgent need for qualified personnel, Mr. Haig said.

## Overture Concert Campaign "Successful," Two Days To Go

The Kelowna Overture Concert Association's membership campaign is moving into its last two days, Len Grievie, overture concert association representative from Vancouver, said today.

"Anyone who wants to become a member should get tickets by Saturday noon. The library board room is the headquarters."

"No tickets will be sold at the door. Anyone wishing to see any of the season's performances, must buy a membership ticket," Mr. Grievie said.

To date, the campaign has been very successful and if the trend continues, we should be able to top our membership of 650 for last year.

Cost of membership is, adult \$7.50; children \$3.00 and a family, \$18.

A member can attend a minimum of four concerts. Membership in the association also entitles them to three concerts in Summerland. Different

Plum Trees Set  
At Street Corners

Parks and recreation commission works crews have placed 11 ornamental plum trees at corners on Bernard Avenue, to help beautify the city for the summer.

The trees, which have bronze leaves and small pink blossoms, will remain on city streets in full bloom until late September or early October.

A further 100 flower tubs are to be placed in the downtown area, but these plants are not yet planted.

CLOTHES BURNED  
Kelowna RCMP received a report Wednesday night, of juveniles lighting fire to garments on a clothesline at the home of Mrs. James Jeffers, 515 Rosemead Ave. The youngsters escaped.

## Guide Cookies Sale Saturday

Some 200 Kelowna Girl Guides, to purchase cookies unless they are being sold by a girl in uniform.

"No house will be canvassed more than one time," said Mrs. Aynsley.

SEVEN PER CENT  
Seventy-five per cent of the monies realized from all sales throughout the province will be turned over to the provincial council to administer the needs of 27,000 girls. Remaining monies will be divided between individual district groups and regional divisions.

Part of the monies the Kelowna council collected last year was used to send one Sea Ranger and one Girl Guide to a week-long music camp at Tsoona campsite, near Rosedale, B.C.

This campsite was purchased and paid for entirely from cookie sales," said Mrs. Aynsley.

Each girl will be in uniform, and householders are asked not to purchase cookies unless they are being sold by a girl in uniform.

Lighting Association Formed  
By Rutland Group Wednesday

RUTLAND — Rutland residents in the area that has been served by street lighting Wednesday voted unanimously to set up a Rutland Street Lighting Association, covering nine roads in the community, and the main business section.

Aubrey L. Blanchard was elected president, Len Hyman, vice-president, and Mrs. Birt Showler, secretary-treasurer.

The well attended meeting was presided over by Hugh Fitzpatrick, as chairman of the committee set up to try to clear up the situation, following the shutting off of the street lights in March.

GOOD SHAPE  
This latter action had been taken due to a number of subscribers being in arrears, and apparent lack of funds to pay the West Kootenay. He reported a full investigation showed the funds to be in better shape than at first thought, and there was sufficient money to pay the arrears owing, and to have the lights turned on.

When he removed tolls from the bridge, Premier Bennett suggested the office would make a good tourist information centre.

Mr. Bruce made his comment after chamber vice-president A. C. Bennett reported the premier's office had received a letter written by the chamber signifying the chamber would like to use the office as a tourist information centre.

## Arrow Lake Dam Installation Bothers C Of C Member Here

The Kelowna Chamber of Commerce should help ensure a "fair deal" for residents on the Arrow Lakes in the Kootenays, after originally agreeing to support the people in the area in their fight to keep the dam out of the Arrow Lakes, had "reversed their field" and were pressing for speedy installation of the dam.

Mr. Prosser made his suggestion during a time reserved for business brought forward by individual members of the chamber.

FAIR DEAL  
"I think maybe the people are not getting a fair deal from the chambers," he said. "I think we should make it our business to see that those people get a fair shake over there."

The provincial government will naturally tend land value down as far as it can when it comes time to purchase the land and relocate the people."

Mr. Prosser said he had not yet heard any public discussion of relocation plans for the dam.

He said several chambers of people.

## Bridge Washrooms Possible If C Of C Takes Over Building

Chamber of Commerce member C. Bruce suggested to the regular meeting of the chamber Tuesday the old toll booth administration office on Okanagan Lake bridge might make good public washroom facilities.

Mr. Bruce made his comment after chamber vice-president A. C. Bennett reported the premier's office had received a letter written by the chamber signifying the chamber would like to use the office as a tourist information centre.

## Types Of Disaster Need Study To Prepare For All Emergencies

Such services, he said, included emergency power supplies, medical supplies and other services disaster might interrupt.

Dr. Hardman named seven types of disaster a hospital plan must be capable of handling.

They included internal disaster, minor emergencies, minor community disasters, distant major disasters to which hospitals are expected to send help, nearby major disasters in which hospitals might be expected to increase capacity two to three times, and nuclear disaster.

"If you can meet all these disasters with your existing hospital disaster plan, you are prepared to serve well in a nuclear attack situation," he said.

To formulate a disaster plan, he said, a disaster planning committee must move methodically.

He said the first step in developing a disaster plan was to approach the hospital's board of directors and gain its permission.

In a disaster, some patients might have to be evacuated before fully recuperating.

"We are actions that may render the hospital liable for suit," he said. "This must be explained to the board of governors."

However, if the hospital does not have a disaster plan, and death results from hospital inefficiency, the hospital is equally liable.

The key member of a disaster planning committee should be the hospital administrator, Dr. Hardman said.

Other key members of such a committee, he said, should be the director of nursing and the chief of hospital medical staff.

He outlined the duties of each of the members of the hospital committee.

He emphasized the need for public information through channels of communications media, including press, radio and television.

"If you fail to do this, you tend to leave your hospital open to bad publicity and misinformation," he said.

"The communications media are invaluable in keeping the public informed accurately in time of major disaster."

Dr. Hardman said the committee should analyze community resources for use in time of emergency and should have a coordinated community-hospital disaster plan.

Such a co-ordinated plan should take into consideration possibilities of using volunteer aid from within the community in dealing with the injured.

The committee should familiarize itself with retired nurses, nurses working for doctors with private practices within the community and other medical and lay personnel who could be valuable in time of disaster, Dr. Hardman said.

The institute was opened this morning by Mayor R. F. Parkinson and Kelowna General Hospital board vice-chairman Dennis Crookes, Eric Martin, Minister of Health Services and Hospital Insurance was not in attendance as had been scheduled.

Speakers at the institute were Dr. W. S. Hanco, medical consultant for hospital services of the Department of National Health and Welfare.

Dr. Larsen, director of Provincial Emergency Health Services, said Mr. J. R. Davis of Vernon.

Mr. Bruce said he agreed with the letter in Monday's edition of The Courier, advocating the establishment of public washroom facilities in the area.

Author of the letter, R. E. Stevens of Westbank, said the administration office would make "an admirable public washroom."

REAL SERVICE  
"If we're going to use that building as a tourist information centre, we might just as well make it a real service to the travelling public by installing public washrooms," Mr. Bruce said.

The matter will be left until the chamber's request is dealt with by the premier.

## Defence Policy Must Be Settled Before Details

Thirty-nine-year-old Mr. Paul Hellyer, Canada's new defence minister, of all the members of the new Pearson government, has probably stepped into the hottest spot. He takes office just a week after the Glasco royal commission on government organization has issued its fourth report and this deal primarily with the defence department.

The report was a rather devastating criticism of the department and the three armed services and whether or not the royal commission's recommendations are acted upon by the government presumably will be the principal responsibility of Mr. Hellyer.

The commission recommended a substantial degree of integration among the army, navy and air force. It did not propose a single, one-uniform service, although there are many who feel this should be the policy. The commission did advocate the integration by the defence department of many services common to the three armed forces. These include accounting, supply, construction, engineering, tele-communications, transportation, medical services and general administration.

Large economies would be made in the operation of the services by such integration, and a further estimated \$20 million a year could be saved by employing civilians in many jobs now filled by servicemen.

One criticism of the report has been that it failed to touch on many little

things which are becoming something of a scandal. One such thing is the practice of service personnel acting as charwomen in the homes of officers, tying up not only the personnel but also service motorcars.

Mr. Pearson since the first of the year has said much about our defence policy, and has made the point that the three Canadian services should be fully integrated for maximum efficiency and economy both in operation and administration.

Mr. Pearson also suggested another change. He said it had become clear after years of delay and equivocation that Canada's whole defence policy must be reassessed by a non-partisan committee of Parliament and, if necessary, revised.

This will probably be the primary goal of the Liberal defence policy. Not until our political leaders have studied carefully and reached firm conclusions about the principal purpose of defence—and how much money we can spend on it—can the permanent military experts work out the practical details. The first requirement, then, is that this country should re-examine its defence objectives, including our obligations under NORAD and NATO, to the United Nations and to our allies. After that will come the working out of the details by the military experts. This can and should involve the integration of the armed forces as recommended by the Glasco commission and by Mr. Pearson.

things which are becoming something of a scandal. One such thing is the practice of service personnel acting as charwomen in the homes of officers, tying up not only the personnel but also service motorcars.

"DO YOU THINK YOU CAN GET HIM BACK ON HIS FEET IN TIME FOR HIS BIRTHDAY PARTY?"

## Slight Trade Union Gain In BC During Past Year

OTTAWA (CP)—Trade unions increased their strength slightly in Quebec, Manitoba and British Columbia in the last year. But they lost a few members in all other provinces except Prince Edward Island, which showed no change in union membership.

The over-all changes were minor, and were regarded as an ordinary adjustment in the long-term growth of trade

unions. The pressures of technological change, unemployment and the shifting structure of the labor force all have been reflected in union membership in recent years.

The latest picture of labor union membership is contained in a new report on the industrial and geographic distribution of union membership in Canada, prepared by the federal labor department.

Highlights of the report, published in the March issue of the Labor Gazette are:

1. Ontario was Canada's most unionized province in 1962, with 538,800 unionists, compared with 550,000 in 1961. With 354,100 union members, Quebec ranked second, followed by British Columbia with 193,000.

2. Union strength was greatest in the manufacturing industry, where unions claimed 566,900 members compared with 558,000 in 1961.

3. Metropolitan Montreal had the greatest concentration of union members—196,400 compared with Toronto's 171,800. The figures were compiled from a survey of local unions across Canada. They contain some imprecisions because 767 locals covering some 44,700 union members did not make a return. However, they do give what labor economists regard as a "broad and approximate" idea of how trade union strength is distributed.

**PROVINCIAL TOTALS**  
The provincial figures for 1962, with 1961 membership in brackets, were as follows:

Ontario 538,800 (550,000); Quebec 354,100 (353,300); British Columbia 193,000 (191,500); Manitoba 64,400 (61,600); Alberta 60,400 (60,500); Saskatchewan 42,400 (43,000); Nova Scotia 42,300 (44,300); New

Brunswick 26,000 (26,100); Newfoundland 16,700 (32,000); Prince Edward Island 1,800 (1,800); Yukon and Northwest Territories 600 (900).

The drop in union membership in Newfoundland was explained by the October, 1961, dissolution of the Newfoundland Brotherhood of Woods Workers, which had claimed some 15,000 members. The workers were enrolled in the Carpenters' Brotherhood after the 1962 survey was conducted.

The picture of union strength in the main industrial groupings is given two ways—under the 1945 industrial classification system and under the new 1960 system of classifying industries.

Under the old system, which permits comparisons with previous union surveys, the distribution of union membership, with 1961 comparison in brackets, was:

Manufacturing 568,900 (558,000); transportation, storage and communication 274,300 (282,300); service 205,700 (191,500); construction 143,800 (153,900); mining 54,900 (59,800); trade 51,500 (47,800); public utilities 33,900 (35,400); logging 32,400 (55,800); fishing 4,100 (4,600); and finance, insurance and real estate 400 (200). No industry classification was given for 10,200 union members.

Under the 1960 industrial classification, which will be used for future union membership surveys, the strength of labor was spread this way: Manufacturing 580,700; transportation and utilities 329,000; construction 143,800; service industries 100,800; public administration 85,000; mines 50,000; trade 41,700; forestry 32,400; fishing and trapping 4,100, and finance 400.

## No Snails Around These Classes

By JIM NEAVE  
ST. JAMES, Man. (CP)—Unlike Shakespeare's "winning schoolboy," students enrolled in special Saturday morning classes in this Metropolitan Winnipeg city don't creep like snails unwillingly to school.

For the most part they're eager to go and, what's more, they pay for the privilege—\$10 for 20 weeks of instruction.

An educational experiment, the Saturday school was introduced as a remedial measure in 1959 after it was found many students in need of help were unable to attend summer classes.

Ron Thomson, school superintendent, says that since the corrective classes couldn't be held during regular school hours or in the evenings, Saturday was chosen.

The idea was well received and the classes now are attended by more than 450 students in the school division which has a total school population of 7,700.

The two-hour classes, which are not limited to students with low marks—include mathematics, English, French, composition, reading, art and typing.

**ALL VOLUNTEERS**

The special sessions are held in St. James Collegiate and attendance is voluntary. A teacher may suggest in a letter to a student's parents that extra tuition would be helpful "but that's as far as it goes," says Mr. Thomson.

Terry Johnson, a blonde 17-year-old Grade 12 stu-

dent at Silver Heights Collegiate, is taking an extra mathematics course.

"I decided to take the course myself," she said. "This is my final year and I have to get the highest marks possible. It's helping me learn a lot and I'm not in my regular week-day class. Also the extra course is not as expensive as a private tutor."

Dennis Bell, a tall 14-year-old from Britannia School, says he has always had trouble with French.

"I'm taking Grade 8 French. I needed it. Mother pays but I wanted to come."

"We get a test every Saturday and what I like most about it is that I get a different viewpoint from another teacher."

**NO STIGMA**

Both Terry and Dennis attend with school friends. In fact so many students attend the classes "no one gets ribbed about going to school on Saturdays," says Terry.

Peter Lewis, principal of the Saturday school, and vice-principal of Woodhouse Elementary School, says the school has 20 classes, are limited to 25 students each.

He adds that provision is made, in the form of bursaries, for students who otherwise might not be able to attend because of financial problems.

Teachers, who also volunteer to handle the classes, get \$5.50 an hour for the two hours and their salary comes out of tuition fees.

## Superior Art Form

If Nikita Khrushchev is at all fair-minded he will now admit that his severe criticisms of western abstract art was unjustified.

A 22-month-old girl has won one of 10 prizes in an otherwise adult art show in California. Her artist father taped some paper on the refrigerator

door and entered the best of three paintings she produced.

This proves that abstract art is superior to the old-fashioned representational painting Mr. Khrushchev insists be adhered to in his country. A 22-month-old baby could never draw anything remotely resembling a tractor. (Portland Oregonian)

## Irrefutable Spring Sign

There are many traditional events associated with the arrival of spring and the approach of summer.

Some claim the first robin is an infallible sign that winter has released its grip. Others hold out for the first crow, or pussy-willows, or water rationing.

But none of these is really accurate enough. Many the robin who has been caught in a snow storm, many the pussy-willow which has perished in a late April frost.

Rather, we prefer to wait for the convincer known as the hairy-chested lawn-mower borrower. When this bird arrives, winter definitely is a thing of the past.

Despite the plumage and an appar-

ent endless physical capacity for work, this species is found on lawns only twice a year—once when winter is definitely over and once when summer has called it quits.

Rather a cunning bird, he sees no reason for investing in mowers when he uses them only twice a year. For not running lawn mowers under their windows early on Sunday morning, the hairy-chested lawn-mower borrower feels that his neighbors' gratitude should extend to lending him their equipment.

So stick with your crocuses and robins and ice break-ups. They indicate a trend, possibly. But our method is much more reliable. Look around, maybe you live near the same type of indicator. (Calgary Herald)

## Bygone Days

10 YEARS AGO

April 1958

Final tabulation of the local drive for the Canadian National European Flood Relief Fund showed a total of \$5,316.88 collected by Kelowna.

20 YEARS AGO

April 1948

The first apparatus shipment of the season moves out of Kelowna today. It is being shipped to Calgary and Edmonton.

30 YEARS AGO

April 1938

The Kelowna-Westbank ferry goes to Okanagan Landing next week for an overhaul. CNR tug No. 3 will substitute in the absence of the ferry.

40 YEARS AGO

April 1928

Dore and Ryan were the successful

bidders for the contract to erect a brick building for Dr. H. Rattenbury, on the north side of Bernard Ave., west of St. Paul St.

50 YEARS AGO

April 1918

The Kelowna baseball team travels to Summerland today to take on the Summerland nine in an exhibition game. The team and supporters will make the trip on the SS "Arctic".

## In Passing

"The Hazards of City Courtship."  
—Title of magazine article. It is wondered why the author particularized city courtship.

"Could you possibly print an exercise in your column which will develop my things to make them larger?"  
—New Orleans (La.) Times-Picayune. In asking for information, some people aren't specific enough.

It is often the case that when we manifest a great deal of faith, we are given the works.

An optimist is a person who lives in the future because he is too pessimistic to live in the present.

A physician says the way to avoid a cold is to avoid people. That would be swapping one tough problem for another.

"The best things in life are free"—and so, lamentably, are most of the worst things—free and more than plentiful.

Women lost a lot by giving up crying and going in for cussing. A woman can't cuss a man out of anything.

## OTTAWA REPORT

### Crocus Aid To Spirits

By PATRICK NICHOLSON

This national capital has been enjoying the most spectacular display of crocuses ever seen around the National War Memorial, and on the nearby "Laurier Slopes" of Parliament Hill.

After one of the most consistently cold winters anyone can remember, the brilliant carpets of yellow and blue and white blooms gave an exhilarating lift to a morosely cheerless population of Ottawans. And the usually short-lived spring flowers seem to have lasted longer than ever in this late and long-forced winter. In any own garden I doubt what are probably the very first local harbinger of spring, masses of those delicate little white snowdrops hanging bell-like from their short stalks. These were blooming before the crocuses of Capital Hill literally brightened the earth almost the day after the warping and twisted of snow on the Laurier Slopes while snow still lay blanketed in shelter of northern aspect, my snowdrops were celebrating their third Sunday in bloom.

**TULIP FESTIVAL TO COME**

In a month, Ottawa will once again be celebrating its annual Tulip Festival, which now attracts tourists from other parts of Canada and from across the border. Cars and buses parked along the scenic driveway bear license plates from the northern states and from Quebec, where tulip growers have been busy planting the first tulips destined to the grateful Queen of the Netherlands, as a "thank you" for the welcome accorded to her and her children here during the war, when her own country was overrun by the Germans.

So with the tardy advent of warmer weather, Ottawans are beginning to forget the rough, tough winter which sent our tulip bulbs soaring.

From Europe to Florida, in Japan as in New England, it has been a savage winter marked by newspaper headlines on rare and bizarre happenings. Yet oddly enough the statistics in Ottawa don't make it out as such a outrageous winter. The lowest temperature recorded was 19 below on February 4; 64 inches of snow to date are 22 inches below the average (but more may come). We have had over 100 inches of snow in a recent winter, as we have had temperatures of 39 below. But this winter we had, as every country in the northern hemisphere had, a persistent and bitter north wind whose chill factor frequently dragged our temperature equivalent way, way down. On New Year's Eve, for example, it was 15 below by normal measurement; but the wind of 35 miles per hour produced a wind chill factor making it as cold as 66 below in still air.

**MAKE WAY FOR SPRING**

So it is with especial joy that Ottawa is putting away its snow

area, raccoon fur coats, and those striking smoking men's fur "wedges" of hats, and looking forward to mellow summer come the opening of our 1968 Parliament next month.

Meanwhile, with our hearts lightened by the gay sea of color of those crocuses climbing a pine grassy slope surrounded by the statue to the great prime minister, Sir Wilfrid Laurier, we should thank the memory of a popular Member of Parliament with gratitude. For the late Rodney Adamson, who was killed in the air liner crash at Moose Jaw nine years ago, initiated that wild proliferation of crocuses sprouting through the grass. Mr. Adamson, wearing a shirt of honor 18 years ago, although an M.P. shared the soldiers' strong feeling

for the late Rodney Adamson, who was killed in the air liner crash at Moose Jaw nine years ago, initiated that wild proliferation of crocuses sprouting through the grass. # Young Couple Repeat Vows At First United Church Rites

Graceful baskets of Easter lilies formed the lovely setting in First United Church April 13 for the rite uniting in marriage Emma Elizabeth McCaughy and Gary Campbell Wightman both of Kelowna. Rev. E. H. Brod read the 23rd psalm for the daughter of Mr. and Mrs. Robert Boyd McCaughy, 2118 Pandosy St., and the son of Mr. and Mrs. Harold C. Wightman, 2801 Kelier Place, Kelowna.

Given in marriage by her father, the bride chose plain and brocaded tulle de sole in traditional white for her floor-length gown, the bodice of which was fashioned with a softly rounded neckline finished with a brocaded band dipping to a "V" both in the front and in the back which was cut quite low.

The elbow-length sleeves were finished with brocaded cuffs in which the "V" line was repeated. The skirt was of plain material and the full train of brocaded tulle de sole. Her finger-tip illusion veil was held in place by a single large white rose, and she carried a bouquet of red roses, with bows and streamers of white satin ribbon.

A quartette of attendants preceded the bride to the chancel. Mrs. Stanley Turner, of Vancouver, acting as her sister's matron of honor. The bride's cousin, Jacques McCaughy of Vancouver, was bridesmaid, and the groom's niece, Lynn Turner, of Williams Lake, was junior bridesmaid. Another niece of the groom, Janie Wightman, of Kelowna, was the flower girl.

Mrs. Turner and Miss McCaughy wore identical dresses of mauve satin, fashioned with bell skirts and both carried bouquets of yellow "maids." The junior bridesmaid and the flower girl were charming in full-skirted dresses of mauve satin, and carried baskets of flowers. All four of the attendants wore headpieces of mauve net caught with satin roses.

Dr. J. A. N. Beadie played the wedding music, and Ezra Burnett sang "Because" during the signing of the register. The groom was supported by Roy Hauser, of UBC, Vancouver, and ushering were the groom's brother, Ross Wightman of Kelowna, and a cousin of the bride, Robert McNeill, of North Surrey.

Following the ceremony a reception was held in the Aquatic ballroom, where the principals received their guests. For her daughter's wedding Mrs. McCaughy wore an ensemble in pale turquoise complemented by rose beige accessories and a corsage of pink tea roses. Mrs. Wightman chose a costume in blue wool double knit with which she wore a pink organza hat and pink tea rose corsage. Also at the reception were both the bride's and the groom's grandmothers, Mrs. Rose McCaughy of Kelowna and Mrs. E. Baker of Westlock, Alta.

The beautifully appointed bride's table was centered with a three-tiered wedding cake, made by the bride's mother. Surrounded by swirls of tulle dotted with pastel daisies, the cake was topped by a cluster of spring flowers.

Vern Cumming, an old family friend, toasted the bride, to which the groom made suitable response. Ron Hauser proposed the toast to the attendants. Presiding at the urns were family friends, Mrs. May Stiles and Mrs. J. M. Cumming.

For travelling on the honeymoon to be spent in San Francisco and California points, the bride changed to a three-piece white and red double knit suit, set off by her black patent shoes and purse and hat of shiny black straw.

Out-of-town guests included Mrs. Baker, Westlock, Alta., and other Alberta guests were: Mr. and Mrs. Bruce Holbrook and Rick Williams, from Calgary; Mrs. May Stiles, Bassano, while from B.C. points there were: Mr. and Mrs. E. Turner and family, Williams Lake; Mr. and Mrs. R. H. Phillips, Prince George; Mr. and Mrs. Fred Rea, Judy Blech, Dorothy Hoffart and Pat Johnston, all from Vancouver; Mr. and Mrs. J. M. Cumming, North Vancouver; Mr. and Mrs. Percy McNeill and son Robert, North Surrey; Mrs. J. McCaughy and daughter Jacques, North Burnaby; Mr. and Mrs. Roy Peterson and son Dennis, St. John, Wash.; and William Fortier from Co-

Mrs. and Mrs. Gary Campbell Wightman

quille, Oregon. Mr. and Mrs. employed. Guests presented their lovely gifts after which lunch was served and games played by the 24 present.

Mrs. V. Cumming and Sharon, with Mrs. P. Ratel and Ann, were co-hostesses at a "Job" Daughter, kitchen shower, some 26 "Jobs" and council members attending, and all enjoyed games and the delicious lunch which followed the opening of the gifts.

Mrs. E. Donnelly and Mrs. A. Ferrier co-hosted a miscellaneous shower at the former's home, which was attended by many friends. The variety of gifts were presented to the guest of honor in a basket decorated with an Easter motif. Games played and a dainty lunch brought the Commerce, where the bride is party to its close.

## AROUND TOWN

Mrs. Betty Farrally and Richard Farrally drove to the coast last weekend when the latter returned to Shawigan Lake school for the summer term. Mrs. Farrally remained in Vancouver for the B.C. Dance Festival when four of the Okanagan Valley Branch of the Canadian School of Ballet were highly successful contestants, obtaining four firsts, five seconds and two thirds places.

Results were as follows: National 13 and under Denise O'Brian 1st 85, JoAnn Jackson 2nd 80. Demicharacter 13 and under Denise O'Brian 1st 83, JoAnn Jackson 3rd. Classical 13 and under D. O'Brian and J. A. Jackson tied 3rd with 85.

National 11 and under Elizabeth Sugden 1st 84, Ina Disbrow 2nd 81. Demicharacter 11 and under E. Sugden 2nd place.

Classical 11 and under Ina Disbrow 2nd, El Sugden 3rd.

GLENMORE A group of interested parents recently completed a series of lectures at Dr. Knox Jr.-Sr. High School, outlining the new grade eight mathematics course being offered in the schools. Ian Lamont, the instructor entertained the group informally at his home on Paret Road on the closing night. In appreciation of Mr. Lamont's especially fine effort, the group presented him with a book related to another of his interests, entomology. The book was "Familiar Insects of America" by Will Barker. The actual book was not available at the time but has now been delivered with the hope that Mr. Lamont will find it interesting though belated.

Mrs. Francis accompanied her uncle Mr. C. McDonough on a short holiday trip to Edmonton this week.

ANN LANDERS

## Her Hostility 'Unnatural'

Dear Ann Landers: I cannot use this problem with any one else because I'm ashamed to admit the situation exists.

We have a two-year-old boy and a four-month-old daughter. My wife adores the boy and keeps him immaculate. She is always cuddling him or playing with him. She teases about him to friends and relatives and it's plain to see she worships the little guy.

My wife ignores our little girl completely. The child is often lying in soiled clothing when I come home. She cries all the time. I sometimes wonder if she has been fed. The child has a rash on her legs which the doctor says is from neglect. My wife keeps "forgetting" to get the medicine he prescribes. I finally went out and got it myself.

I'm afraid my wife dislikes this child and is not caring for her properly. Is it possible for a mother to feel this way? Please give me some help. I am deeply concerned—J. L.

Dear J. L.: Your wife's attitude toward the little girl is indeed "unnatural." It is sick. Her resentment against the child is a transference of hostility and anger which is rooted elsewhere.

Your wife needs professional help at once and I hope you will see that she gets it. Very young children must have love and affection. They can be permanently scarred if they are not given emotional support.

Dear Ann Landers: I know you will never print this because it's easy to see what side you are on.

Why did you publish all those letters about "Old Gaffer" making it appear as if they are the dangerous drivers—a threat to life and limb?

Anyone who has an ounce of sense knows the teenage punks are the guilty ones. This is why insurance rates are sky high for drivers under 25.

A recent survey showed that seven out of ten boys between 16 and 25 years of age have been involved in a major accident. Only two out of ten old gaffers had been in wrecks.

I'd risk my neck any day with a 75 year old gaffer before I'd

ride with a 17-year-old punk who has to rev up a piece of junk just to get the thrill of speeding.

Too bad this letter will go into your wastebasket instead of in the newspaper where it belongs.—MILLION MILE GAFFER WITH NO WRECK.

Dear No Wreck: You drive a lot better than you read, did I make it clear the "Old Gaffer" letters were expressions from readers and did not reflect my point of view.

Every survey I have seen proves the drivers under 25 years of age are far more dangerous than the senior citizens.

Dear Ann Landers: I am 18 and look and act older. My Uncle Wally is 56 but looks and acts younger. He has told me he loves me and I'm sure I love him. He is not a third relative, but an uncle by marriage.

Uncle Wally married my dad's sister 10 years ago. This was a second marriage for both.

My aunt is a pleasant person but she is lazy and sloppy. They fight most of the time because she won't cook or keep house.

I know Uncle Wally and I could be happy together and he will marry me if I say the word. Boys my own age are a bore. Please tell me our love is real. Thank you—PATTY.

Dear Patty: Your love is real, all right. Real nothing. You are kidding around with a married man twice your age—a two-time loser—and an uncle at that.

Where are your parents anyway? Stop seeing this moron at once or you'll be in more trouble than you need.

## SWINGING PARTNERS

Square dancers from both ends of the valley and in the middle, too, gathered at the Winfield Hall for an evening of fun last Saturday night. The Okanagan Tourists were hosts and this was their wind-up party for the season. Bob Emerson of Omak called the dance and a delicious buffet supper was provided by the hosts. After supper Bob called a few more squares with Scotty Hitchman of Winfield, Chuck Ingus of Peachland and John Bogart of Ashcroft Creek as his guest callers.

Saturday, April 27, we have just one party night "on our board." The Kalamalka Squares will host their party in the Scout Hall in Vernon. This is again two party nights. The Kelowna Wagon Wheelers will host their party night in the Centennial Hall in Kelowna. Vic Graves of Nelson is the caller and a buffet supper will be provided.

The Stars 'N' Aders Club of Kelowna have cancelled their fourth Saturday party in favor of the above.

Sunday, April 28 is the final workshop of the season. This will be held in the Youth Centre Hall in Summerland. The Caller-Teacher Association will meet at 1:30 for its annual meeting. The Okanagan Square Dance Association will meet at 2 p.m. and the workshop will commence at 3 p.m. and to this square dancers are invited. Please bring a sac lunch.

Looking to Saturday, May 4—again two party nights. The Kelowna Wagon Wheelers will host their party night in the Centennial Hall in Kelowna. Vic Graves of Nelson is the caller and a buffet supper will be provided.

# Lectures On Explosives Urged At Scouts' Inquest

VERNON (Staff) — A coroner's jury here Wednesday night recommended that qualified army personnel conduct instruction in explosives to school teachers and parents in areas where war games were held during the Second World War.

## Scoutmaster Not Aware Of Fact Land Used For Army Manoeuvres

The inquest was the result of the deaths of two Vernon Boy Scouts, Donald Hope, 14, and Grant McGinnis, 12, killed when a vintage Second World War mortar bomb exploded on the Commenage road, five miles south of Vernon March 18. The jury ruled no one was to blame for the mishap, and that the boys died accidentally.

Twelve witnesses were called to the three-hour inquest, including Scoutmaster David Crane, 11, who reported the deaths when he and his first aid kit were taken away from the scene by the police.

Young Crane testified before the seven-man jury and coroner J. A. J. Hingston that it was he who found the bomb that killed the two Scouts.

"I picked up the mortar bomb and asked the others what it was," he said. "And then Donald (Hope) took it and held it across his chest. He said he was going to see if it was a live bomb. He was with a hatchet and a saw. At that moment I stumbled back. After the explosion I began to run in the opposite direction and called for help. Other Scouts washed my face and tied my legs together."

Crane suffered four shrapnel wounds in his left leg and appeared at the hearing with his leg in a cast.

Pathologist Dr. D. F. Morneau said the two boys died "almost instantly" of shrapnel wounds through the heart.

RCMP Constable Stan Partridge, first police officer on the scene after the mishap, said he examined the two boys and determined they were dead. He said he appraised Crane's injuries at the time as minor.

Two Vernon Troop Scouts, Richard B. Cundall, and Tim Overend, said they were part of the group that was clearing

Scoutmaster William Martin was not in the area at the time of the accident, he testified. He was one of the boys to the Commenage road from Vernon and return to pick up the others when the mishap occurred. He said permission had been granted by Scouts to use the area by Emma Kluge of Okanagan Landing, a Scout contacted him at his home and said one Boy Scout is hurt.

"But when I got to the scene," Rose said, "I found three of them on ground and two were obviously dead. I returned and called for an ambulance and police."

Mr. Rose said his land was used by the military in World War One and Two for manoeuvres. "When they pulled out after the Second World War," he said, "I found a four-inch unexploded bomb and told the army I wanted something done to clear the area." He said they were evasive at the time but did send a team of about 10 to clear it up.

## Eighteen Bombs Found, Detonated After Previous Tragedy In 1948

Albert Lee, retired from the army in 1944 now living in Vernon, said following the 1948 tragedy, 18 bombs all high explosive type were found and detonated. He said they were located on part of the Coldstream ranch, the rifle range, between the rifle range and the Commenage road. He said in addition 20 types were brought to him in addition to those located by the army.

Warrant Officer M. Mills of Kamloops, ammunition expert in Vernon since the deaths of the Scouts said more than 35 reports of bombs in the area were investigated since the March 18 fatalities, and 15 of these reports turned up high explosive bombs which were detonated under supervision.

He said all areas where the military were known to have held war games in and around Vernon were checked, but not thoroughly combed for bombs. He said the areas were: Cousens Bay, Commenage, Ellison Park (which is now a picnic site) above Adventure Bay resort, Goose Lake Range, Old Kamloops road near the city dump, Deep Lake, Coldstream Ranch, Glenenna Range, North of Vernon, and east of the lower bench road at Oyanama.

WO Mills said the only area completely combed by the 34

## BLOOD-GATHERING PACE NOT QUICK ENOUGH YET

Doreen Silverwood, RN, of Vancouver, left, with the Red Cross Blood Donor clinic since September assists Judy Sa-

sons, 18, of 3408-15th Avenue, Vernon, who is giving blood for the first time. The three-day clinic has thus far re-

alized 796 pints, 532 short of the 1,330 objective. But organizers say with a concentrated effort today, the objective could be realized. (Courier Photo).

## Fiction And Fact Outlined In Social Welfare Work

VERNON (Staff) — Vernon and District Council of Women Wednesday night heard G. Aubrey Reed, supervisor of welfare services for Vernon and Salmon Arm district speak on social welfare—fiction, fact and future.

The fiction believed by the public were illustrated by Mr. Reed when he said people accepting welfare, loose dignity and status. Contrary to this, it is a principle of social work to value the worth of every individual. This belief, he said, is essential in order to make it possible to help people solve their problems. The belief that people have the ability to change, to learn from their mistakes, and to adopt new patterns of behaviour, is fundamental in this work, Mr. Reed said.

Every effort is made to assist people to decide on the basis of help given, and then to act for themselves, he said.

Discussing the training of social workers, Mr. Reed outlined the qualifications and education required. While deploring the shortage of workers in this field he explained the inservice training program for people holding bachelor or arts degrees, which makes it possible for them to return to school of social work later.

In the area of prevention, Mr. Reed said he felt strongly the responsibility of the family. "The prevention of social problems begin and ends with the family," he said. It is falls which meets weekly. Tentative plans were made for the president's tea to be held at the end of May.

A new group was welcomed into the Vernon and District Council of Women at the meeting. The West Side Homemakers' Club, represented by Mrs. A. Lewis of Six-Mile House.

A report was given by Mrs. Vera McCulloch, chairman of the Citizenship Committee on the study group on Indian affairs.

RECEIVES PAPAL GIFT ROME (Reuters)—Pope John gave a medal of his religion to Russian composer Aram Khachaturian and a rosary to Mrs. Khachaturian at a group audience, the Italian Communist newspaper L'Unita reported Tuesday.

## AROUND VERNON

### NURSES' PARTY

Registered Nurses' Association of Vernon will hold a coffee party Saturday, May 4 at the Canadian Mental Health Association, White Horse Centre in Vernon, from 9 p.m. to 5 p.m. The public is invited to attend and shop at the Thrift Shop during Mental Health week.

### YACHTSMEN MEET

The Vernon Yacht Club will hold an extraordinary general meeting May 2, to propose that the club redeem all outstanding debentures and sanction the issuance of floating charge debentures, totalling \$15,000. The debentures would be repayable July 1, 1973 with interest of seven per cent per annum from the date of issuance. There will be a proviso that not less than \$1,000 worth of such debentures be redeemed in each year approved by the committee.

### PENNY CARNIVAL

It's penny carnival time in Vernon Junior High school. There are activities like films, Hawaiian feasts, skits, a cocktail lounge and many other items for people who want to relax. It is sponsored by the Students' Council and Red Cross clubs.

For the younger generation, there are activities like a gypsy-fortune teller, sock-hop, black sambo, penny-loss, cake-walk, wild life show will hold their interests.

### MINOR FIRE

A fire at King's Bakery Wednesday night was quickly quelled by firemen. A welder's torch was believed to have been responsible for igniting about six cardboard boxes. Damage was negligible, firemen say and fire was put out within minutes of their arrival.

## CNIB To Meet In Vernon

VERNON (Staff) — The annual meeting of the Vernon and District Branch Canadian National Institute for the Blind will be held today at the Centennial Health Centre in Vernon.

On the agenda will be reports, election of officers for the following term, and a film presentation. In This Dark World. Guest speaker at the meeting is Dr. J. Allan Rook, ophthalmologist. The meeting is open to the public.

### TO STUDY STUDENTS

KINGSTON, Ont. (CP) — A conference to examine mental health of university students will be held at Queen's University May 10-13. Speaking of the growing problem of emotionally disturbed students, Queen's Principal Dr. J. A. Corry said main problems are the breakdown in the cohesion of the family unit and the fact that many of our religious beliefs have been turned upside down.

## Lumby Days Committee Again Headed By Wally Lesmeister

LUMBY (Correspondent) — Wally Lesmeister again heads the Lumby Days Committee. At the annual meeting two changes were made to the constitution. On Mr. Lesmeister's recommendation it was decided to change the date of the annual meeting to the last week in September. He argued that under the present arrangement it did not give the new slate of officers time to produce the show everyone wanted to see on July 1.

It was also decided to have a straight nine-man executive elected from delegates representing all the organizations instead of working with an "unwieldy executive consisting of all 23 delegates," as it was described by Mr. Lesmeister.

Therefore in addition to Mr. Lesmeister as president, John Dyck is vice-president; Gary Meyer, secretary; Gary Meyer, treasurer, with four executive members: Mrs. Lee Headington representing South Lumby district, Peter Newcombe for Cherryville plus Ian Motte, Walter Malysh and Larry Weir from Lumby.

Lumby Days Committee decided to hold back \$106 towards this year's July 1 celebration. The remaining money was divided with South Lumby receiving \$50, Cherryville \$75 and the remaining \$173 going to the village for improvements in the park.

Mrs. Weir was appointed chairman of the queen's committee. It was decided that this year, sale of tickets would only count as 50 points to the naming of the queen. The remaining 50 would be decided on poise, personality deportment and talent.

Mrs. Weir was instructed to appoint a group of ladies that would train the girls for their duties and the judges would be known only to the queen committee and Lumby days chairman Wally Lesmeister.

Organizations intending to sponsor a queen candidate were told that the final entry date would be May 15 and that the girls must be 16 years old effective June 30, 1963.

### TOP LOGGER

Garry Meyer was named chairman of the finance com-

JOHANSSON SAVED BY BELL

Ingemar Johansson, European heavyweight champion, sent there by Brian London, former British Empire champion, with a vicious hook in the final seconds of the round of the 12 round bout in Stockholm, Sweden. As the referee's count reached four, the bell sounded and Johansson was declared winner on points in the non-title fight.

## Maris And Mantle Out Daley Off To Hospital

NEW YORK (AP) — Roger Maris is out again, Mickey Mantle's in again and left fielder Daley has joined New York Yankees' long list of hospital cases.

Daley, a Yank relief pitcher, is scheduled for surgery Friday for removal of bone chips in his pitching elbow. He will be out about two months.

Maris, who made his first appearance of the season last Friday, reinjured a hamstring muscle in his right leg while running out a ground single Wednesday against Chicago White Sox. He was replaced immediately.

The Yankees said Maris will rest the leg today and Friday — days off for the world championship — and a decision on his availability won't be made until late Friday.

Mantle, out since April 13 with rib cage injuries, has been pronounced fit for duty and is expected to start Saturday's game against Cleveland Indians.

ROGER MARIS

## Kansas In First With 2-0 Win

Orlando Pena, a refugee from the other world of the National League, and the little green men have taken over. Pena, a skinny, 155-pounder who once worked for Cincinnati Reds, blanked Baltimore Orioles 5-0 as he and his gaudily attired Kansas City teammates barged into first place in the American League Wednesday night.

The Athletics, whose position atop the league is even more eye-popping than the bright green and gold uniforms they came out with this year, took a half-game lead over Chicago White Sox and Baltimore. The White Sox retained second place, just seven points back of the leaders, on the strength of a 6-4, 12-inning triumph over the Yankees in New York. Al Kaline's 15th inning homer was the difference in the Tigers' 4-3 squeaker over Los Angeles Angels at Detroit. Minnesota's Camille Pascual won his first of the year in the Twins' 6-4 victory at Washington, and the Indians beat Boston Red Sox 2-0 at Cleveland.

Right-hander Pena spent three seasons with Cincinnati, then drifted down to the minors City in mid-season from Toronto before moving up to Kansas. He had to work out of three late-inning jams to preserve the shutout, and didn't have the victory nailed down until the Athletics broke loose for four runs in the ninth. Pena was rapped for 10 hits, but the Orioles left 10 runners stranded and had two others thrown out at the plate in the sixth inning. Wayne Causey singled in the decisive run in the seventh against loser Mike McCormick. Mike Herschberger singled in two White Sox runs in the 12th at New York. Knuckleballer Hoyt Wilhelm picked up the victory.

# Canada In Second Place Divers Get Help From US

SAO PAULO, Brazil (CP-AP) — Robert Osborne of Vancouver, general manager of Canada's 1964 — member Pan-American Games team, is a staunch advocate of spreading goodwill through sports.

Osborne, director of the school of physical education at the University of British Columbia, couldn't have been more delighted with his U.S. neighbors than over what is happening at the diving championships at the Palmares Club here.

Shortly after Tom Dunsley of Vancouver upset the form

charts Wednesday and won the three-metre springboard diving title and tiny Judy Stewart from the Toronto suburb of West Hill finished a surprising second in the women's competition, the pair began to

To hold down expenses, the Canadians didn't bring a diving coach. But the useful tips Dunsley and Miss Stewart have been getting from U.S. coaches Jack Roth and Ted Bitondo helped them to their gold and silver springboard medals.

Dunsley's gold award was the first of the Games for Canada and it broke the U.S. monopoly in swimming and diving. Americans have won four swimming championships so far and the women's springboard title.

## MOVES INTO SECOND

Canada moved into second place in the unofficial medal standings with one gold, five second-place silver and three third-place bronze.

The Canadian team won two silver medals in shooting Wednesday, a silver in wrestling

and a bronze in weightlifting. U.S. men and women added nine more gold medals during the fifth day of the Games Wednesday for a total of 19 out of the 27 awarded to date.

Dunsley and Miss Stewart face a tough field of champions in the spectacular diving off the 10-metre (33-foot) tower that is scheduled for the weekend. Dunsley, 22, an accountancy senior at the University of Indiana who admits he usually blows at least one dive in pressure competition, didn't Wednesday.

In just about the closest possible finish, the Canadian moved out Dick Gilbert, the U.S. champion and Dunsley's teammate at Indiana, by a decimal—.154 of points to 154.17. Ken Sitzberger, 18, an American high school senior headed for Indiana in the fall, won the bronze medal with 148.88.

SAO PAULO, Brazil (AP) — Unofficial medal standings after five days of competition in the Pan-American Games:

	Gold	Silver	Bronze
United States	19	10	4
Canada	1	5	3
Brazil	1	3	2
Argentina	1	1	1
Uruguay	1	0	3
Venezuela	1	0	1
Brit. Guiana	1	0	0
Cuba	1	0	0
Trinidad	0	2	0
Antilles	0	1	0
Puerto Rico	0	2	0
Mexico	0	1	3
Barbados	0	0	1
Chile	0	0	1
Panama	0	0	1
Peru	0	0	1

## Maroons Prolong Allan Cup Series Dump Bulldogs In Fifth Game

WINDSOR (CP) — Winnipeg Maroons, revelling in the role of the underdog, prolonged the 1962 Allan Cup finals to at least a fifth game here Wednesday night when they handed Windsor Bulldogs a 3-1 defeat.

The Bulldogs and a sellout crowd of 5,110 were primed for their first Canadian hockey title in the city's history after winning the first three games, but the Maroons refused to co-operate.

Led by a sparkling display by goaltender Don Collins, 31, the Maroons set a goal-period pace to win their first game in the best-of-seven series for the Canadian senior hockey title.

Chuck Lumsden, Shorty McAnchuk and Lloyd Orris were the Winnipeg scorers and the only Windsor reply was from Real Chevrefils.

"Stranger things have happened," said Winnipeg coach Bill Jurda when asked about the possibility of his club winning four in a row.

## ACKLAND CONVINCED Of Cold Shoulder

WINNIPEG (CP) — Football player Al Ackland said Wednesday he's convinced Canadian clubs have blackballed him.

The 33-year-old lineman said in a telephone interview that a telephone conference club he approached about playing gave him the cold shoulder.

"They're closing ranks and I'm being blackballed," he said. The charge was denied by Commissioner Syd Halter of the Canadian Football League who said "there's certainly not such a thing as a blacklist."

Ackland said he can't get football employment because of a lawsuit he brought against the Winnipeg Blue Bombers last winter.

He claimed the Bombers, 1962 Canadian champions, prevented him from making a living by placing him on their intermediate protected list.

Ackland said the Bombers finally gave him his release after he launched the suit. "If too many kids get away with what I'm trying to do, it's going to break the control they (the clubs) have over Canadian ballplayers," he said.

Ackland said he was placed on the protected list in November, 1961 and his two-year stint would normally have ended in November this year.

CHARLES MISSES A BIRD

Bob Charles, the New Zealand left-hander that is playing out of Sarasota, Florida, uses a little body English as he tries to help his ball into the 15th hole. He missed his bird but parred the hole. Charles shot a four under par 66.

## Reds Boss In Talkathon But Lose 7-0 To Dodgers

Jim Owens took a pause that didn't refresh, then took a shower that had the same effect. Fred Hutchinson conducted a 15-minute talkathon with him while John Turturro took the longest warmup in baseball history. And all because Seag Crawford said a four-letter word—BALK.

The word touched off the biggest on-the-field dispute of the season over the new game of baseball as played in Warren, when Hutchinson had finished his Glee National League, over-estimated a fine three-batter inning by Johnny Podres in Los Angeles Dodgers 7-0 victory over Cincinnati Wednesday night.

The balk calls that have continually disrupted games under the new strict enforcement of the rule requiring a pitcher to stop for a full second before delivering interrupted play for about 30 minutes during the second inning of the Dodgers-Reds game.

The explosion came after plate umpire Crawford, a member of the now famous Augie Donatelli umpiring team, called Owens to the mound to move from first to third base. He scored on a single by Willie Davis.

### PAUSE DIDN'T PLEASE

Then, pitching to Podres, Owens twice paused unusually long before throwing to first base. Crawford signalled a warning Owens stretched and played by Crawford yelled balk. Owens yelled something else, and towels and players popped out of the Cincinnati dugout. Owens was ejected.

Donatelli, whose umpiring team has called 32 of the 37 balks enforced in the NL, then sent the entire Reds team to the exception of relief pitcher Edwards to the dressing room. Hutchinson talked and talked. Hutchinson talked and talked.

Podres needed little aid, but got it from the balk—one of the new strict enforcement of the rule requiring a pitcher to stop for a full second before delivering interrupted play for about 30 minutes during the second inning of the Dodgers-Reds game.

In baseball, meanwhile, St. Louis Cardinals continued to get away base hits from trade acquisitions Dave Great and George Altman, edged San Francisco Giants 4-3 and moved into sole possession of first place.

Pittsburgh Pirates defeated Philadelphia Phillies 6-4, Milwaukee Braves edged Houston Colts 4-3 and New York Mets shut out Chicago Cubs 2-0.

## Rally Meets Grim Sight Milwaukee Driver Leads

SAULT STE MARIE, Ont. (CP) — Drivers competing in the 1000-mile race — Canada's first — met a grim sight Wednesday as they pulled into the Sault after 300 miles testing from Winnipeg.

Rally cars were waved slowly around the track, covered by a youth who had been hit and killed on Highway 17 north 22 miles from here.

None of the rally cars was involved in the accident.

"It was a pretty grim sight," said Dick Doyen of Milwaukee. Doyen, with co-driver Clay Gibbs in a Chevy II, is leading the event.

All the cars made it to the Sault, but preliminary results showed that early standings had been shifted.

The Peugeot 404 of Toronto's Frank Curran and Ron Carney picked up a 10-point penalty to drop far down the list from the second-place he they had held at the beginning of the day.

The Ford Falcon spirit of Paul MacLennan and Art Dempsey, both of Toronto, moved into second.

Another Falcon, that of George Merson and John Wilson of Toronto, is in third place.

CAR HITS DEER

The MacLennan-Dempsey car came in with a dented right front fender and door, and broken outside mirror and windshield suffered when they hit a deer on a road approaching the Ontario border.

"We backed up and got out but the deer just got up and ran away," MacLennan said. There were tufts of deer hair

embedded in his door handle.

It was a night of feverish activity as the cars pulled in.

Four mechanics leaped on the Sault Volkswagen of Jim Callum and Glenn Ferguson, who had driven here from Fort William on three cylinders. Eight minutes and 45 seconds later, a new engine had been installed and was running.

The Falcon spirit of Bill Snyers and Lloyd Howell of Toronto picked up 14 penalty points and fell far down the list after missing a turn when their maps disagreed with the official route book.

The same corner cost the Ottawa Volvo team of Hacker and Quirk 21 points. They also lost time with a blown tire.

A major protest appeared pending in the assessing of 10 points to the Curran-Carney car. They had lost only four points in about 2,000 miles of navigating when they picked up the 10-point penalty because of a turn signal failed to operate at a safety check point.

"NO PARTS REPLACED"

"There were no parts replaced," said Curran. "It worked when we checked it just before." He said a nut had come off a fuse connection.

Doug Wilson of Vancouver, clerk of the course said, "We asked them to turn it on and it wasn't working."

## Vancouver Hosts Grey Cup 1960 Game Still Ringing

VANCOUVER (CP)—It's 24 years since the 1960 Grey Cup final played to an untimely game ending, setting off a clamor that Vancouver should never again be host to the football classic.

The accusers never did agree on a scapegoat to answer for the deluge of fans who swept the playing field with 41 seconds left and forced the game to be called, score: Ottawa Rough Riders 16, Edmonton Eskimos 6.

But the cries have been taken to heart. Another Gray Cup game will be held here Nov. 30, and things will be different.

A fence is up at Empire Stadium, no ground-level seats will be sold, and Chief Inspector F. C. Errington of the city police has made himself an expert on crowd control.

This edition will bear other results of the 1960 incident in a positive way—a kind of revelry spiced with variety and decor.

PLAN GREAT PROGRAM

The city is offering perhaps more good entertainment apart from the game itself than has ever previously been afforded Grey Cup visitors.

This, says Festival Week chairman Jack Bain, is going to be the "Out-of-Towner's Grey Cup."

On the drawing board: A golf tournament, bowling tournament and bonspiel, with a skiing program if Mount Seymour has snow.

A luncheon for 1,000 persons invited by the nine teams of the Canadian Football League.

A gala dance the night before the game.

A new kind of Miss Grey Cup contest.

A "shorter, sharper" parade.

INVITE TOP STARS

The golf-bowling plans are just getting off the ground, but they are certain to figure prominently in Festival Week. Commercial interest indicates they will make facilities available.

Top names in all three sports will be invited.

The luncheon, buffet-style in the Hotel Vancouver, will be attended by such civic and political figures as B.C.'s Premier Bennett and Vancouver's Mayor Rathie.

The luncheon, buffet-style in the Hotel Vancouver, will be attended by such civic and political figures as B.C.'s Premier Bennett and Vancouver's Mayor Rathie.

## New Zealanders Aid Canadian

AUCKLAND, N.Z. (Reuters)

Students at Ardmore Teachers Training College here raised \$200 in 15 minutes Wednesday to help a Canadian student fly home.

Don Tunstall, 22, learned three days ago that his father died suddenly and his mother was sick.

He had enough money to fly home but not enough to get back to New Zealand. He leaves for Canada Friday.

He had enough money to fly home but not enough to get back to New Zealand. He leaves for Canada Friday.

The bidding:  
East South West North  
3♠ 4♥ 4♠ 5♥

Opening lead—four of spades. The most interesting hands to play are those where the issue is in doubt. The outcome may depend on luck, that is, the question of whether the opponent's cards are divided favorably or not, or it may depend on skill, that is, whether declarer can overcome an unlucky lie of the cards if it exists.

For example, take this hand. South is in five hearts and West leads a spade. Declarer takes the ace, draws two rounds of trumps, and then plays the A-K and another club.

Unfortunately, West wins the third club and shifts to the jack of diamonds. This spells disaster, because the defense wins two diamonds and a club to defeat the hand a trick.

South is unlucky in two respects. If East had had three clubs instead of West, he would have made the contract, since East could not successfully attack diamonds in that case. And if West had had the ace of diamonds instead of East, South would also have made the contract.

However, South can improve his chances by playing his ace of diamonds early, and in the actual case—make the hand—by the Government of British Columbia.

## WORLD NEWS

## EXAMINE BARGAINING

NEW YORK (AP) — The American Newspaper Publishers Association notified U.S. Labor Secretary Wirtz Tuesday that it is ready to export "new approaches" to prevent a possible breakdown of free collective bargaining. The association said in a telegram to Wirtz it would be willing to have its representatives meet him to discuss the matter.

## SHIP TURNED AWAY

HAIFA (AP) — Some 350 Israeli troops from the United States and Europe are in Israel instead of Europe because of an Arab boycott of Israel. They arrived at Beirut Tuesday on a three-day tour of Lebanon. Syria and Jordan's part of the Holy Land but Lebanese officials turned the ship away because of previous trips to Israeli ports.

## YOUR HOROSCOPE

## FOR TOMORROW

The moon is Gemini makes this an exceptionally fine day for those whose thinking is original and whose spirit of enterprise is at a peak. Intellectual pursuits are governed by exceptionally fine influences and, for those so engaged, this should be a day of big accomplishments.

## FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that for the next eight months it would be wise to temper monetary ambitions with thriftiness. Even though some good financial "spots" show in your chart—notably in mid-August, late November and early December—don't throw your budget out of balance. Next January will bring better planetary influences where finances are concerned, and you would then be justified in making plans for expansion later in the new year.

Job matters should receive good boosts in mid-October and mid-December, but don't expect too much in the meantime. Put forth best efforts, however, or you will not earn the promised "boosts."

Social and travel activities should be highly stimulating in late June, early August, early September and all of December, although travel is not recommended during the last week of the latter month. Best periods for romance: late May, mid-July, late August, early November and mid-December. Those engaged in creative enterprises should have an all-around good year.

A child born on this day will be practical and persevering but may have to curb inclinations toward extreme secretiveness.

Truly - a most travelled rum!

Mr. Lemon Hart's rum travel for a reason. Made in the heart of the West Indies they are then sent to England because the moist air of England are traditionally the finest in the world for maturing rum. After quiet years in England they are perfectly blended, bottled and shipped to Canada and throughout the world.
